

LITTER PICKING SESSIONS

26 bags of litter collected by 18 volunteers in 3 group sessions along Crutches Lane, A226 and School Lane plus some volunteers did individual litter picks as they couldn't make the group dates.

Gravesham Borough Council provided and collected the full orange litter bags and other odd items. GBC now provide clear recycling bags for bottles and cans - these will be kept segregated on the van by their crews and will be brought back to Brookvale Depot to be deposited separately from the orange sack waste.

Look out for details of Big Higham Clean up.....
